The FY 2026 budget includes appropriation authority for a time of service adjustment plan for full-time state employees. This would provide a 1% salary increase for every two years of continuous state service and would cap out at 10% for 20 years of service. This excludes job classes with statutorily-set salaries, the Departments of Transportation and Conservation, and certain job classes within the Missouri State Highway Patrol, who have existing time of service pay structures. State employees working in 24/7 facilities that already have this time of service pay plan will get a one percent cost of living adjustment.

Administrative Fund Transfer - Section 7.805

Page 22

Description: The Director and Staff pays personal services and expense and equipment expenditures from the Department of Labor and Industrial Relations (DOLIR) Administrative Fund. In compliance with its federal cost allocation plan, the Department transfers monies into this fund from four funding sources: General Revenue, Federal, Workers' Compensation, and Special Employment Security. By using the DOLIR Administrative Fund, the Department complies with the cost allocation requirements more efficiently in payment, payroll processing, and procurement. Fiscal, payroll, and procurement staff can input one-line accounting distributions rather than three-line entries, which were entered when costs were allocated over three funds for each transaction, reducing data entry by at least 67%. The transfers include amounts necessary to meet required fringe benefit transfers for these staff which are appropriated in HB 5.

The FY 2026 budget includes appropriation authority for a time of service adjustment plan for full-time state employees. This would provide a 1% salary increase for every two years of continuous state service and would cap out at 10% for 20 years of service. This excludes job classes with statutorily-set salaries, the Departments of Transportation and Conservation, and certain job classes within the Missouri State Highway Patrol, who have existing time of service pay structures. State employees working in 24/7 facilities that already have this time of service pay plan will get a one percent cost of living adjustment.

Page 51

Description: The On-Site Safety and Health Consultation Program provides a state-administered, no-cost consultative service to assist Missouri's small employers in achieving compliance with Occupational Safety and Health Administration (OSHA) safety and health standards, helping employers avoid federal fines and penalties, provide healthy and hazard-free workplaces for Missourians, and reduce occupational accidents and illnesses. Occupational safety and health consultants visit workplaces to assist employers with safety and health hazard recognition, evaluation, and control at their facilities. The program also informs employers of overall safety and health management techniques and provides safety and health employee training designed to control hazards at the worksite. The program is funded by 90% Federal (OSHA) Funds, with a 10% required state match by the Workers' Compensation Administration Fund. Labor Standards - Mine Safety Health Training Program (MSHT) - Section 7.830

Page 59

Description: The Mine Safety and Health Training Program is 80% funded by the federal Mine Safety and Health Administration (MSHA) with a 20% required state match by the Workers' Compensation Administration Fund. The program provides new miners with the initial regimen of safety and health training courses: first aid, cardiopulmonary resuscitation, mine rescue, miner's rights, and hazards associated with the task assigned. The Mine Act of 1977 (Title 30 Code of Federal Regulations Parts 46, 48, 49, 56, 57, 71, and 75) requires miners complete these courses before they are allowed to start work. Each subsequent year, miners must receive an eight-hour refresher course on those same topics and any other topic necessary to address trends of accidents, injuries, or fatalities. Courses are site specific and tailored to the type and scope of the mining operation. The core also includes the Mine and Cave Inspection Program which conducts statutorily required inspections and safety and health consultations at Missouri's production mines and commercially operated mines and caves open to the public which are funded by General Revenue and the fees deposited to the Mine Inspection Fund pursuant to Section 293.030, RSMo.

Legal Base: State Statutes Chapter 293 (Mining Regulations) RSMo; Federally mandated under CFR 30 Parts 46, 48, 49, 56, 57, 71, and 75

The FY 2026 budget includes appropriation authority for a time of service adjustment plan for full-time state employees. This would provide a 1% salary increase for every two years of continuous state service and would cap out at 10% for 20 years of service. This excludes job classes with statutorily-set salaries, the Departments of Transportation and Conservation, and certain job classes within the Missouri State Highway Patrol, who have existing time of service pay structures. State employees working in 24/7 facilities that already have this time of service pay plan will get a one percent cost of living adjustment.

Workers' Compensation - Second Injury Fund Payment - Section 7.845

Page 85

Description: When an employee sustains a work injury covered by workers' compensation and the combined effect of the work injury and prior disability results in permanent total disability (PTD) or increased permanent partial disability (PPD), the employer at the time of the work injury is liable only for compensation due from the work injury. The remaining compensation for the prior disability is paid from the Second Injury Fund (SIF). In cases where the work injury occurred before January 1, 2014, the SIF will pay compensation for the prior disability per §287.220.2, RSMo., and such compensation may include disability, death, physical rehabilitation, second job wage loss benefit, and medical bills. Claims filed against the SIF and all claims involving subsequent compensable injury resulting from an occupational disease filed on or after January 1, 2014, are compensated per §287.220.3, RSMo. Effective January 1, 2014, the SIF is only responsible to pay PTD and physical rehabilitation.

Tort Victims’ Compensation Payments - Section 7.865

Page 109

Description: The Tort Victims' Compensation Fund provides payments to people who have been injured due to the negligence or recklessness of another, who have been unable to obtain full compensation because the party at fault had no insurance, inadequate insurance, has filed for bankruptcy, or other reasons specified in the law. Tort Victims' Compensation Fund revenue is generated from payment of court awards of punitive damages in civil lawsuits in Missouri. Due to the unreliability of the funding source, there may not be a sufficient amount to pay benefits in a given year. Under the law, payments to eligible claimants are suspended until the balance of the fund exceeds \$100,000. Any sum awarded that cannot be paid due to lack of funds appropriated for the payment of claims of uncompensated tort victims does not constitute a claim against the state. As described in section 537.675.5, RSMo., (previously section 477.650, RSMo.), 26% of the court awards received are transferred to the Basic Civil Legal Services (BCLS) Fund annually. The remainder is available to pay eligible Tort Victims' Compensation claims.

Division of Employment Security - Administration - Section 7.875

Page 122

Description: The Division of Employment Security (DES) administers the state’s Unemployment Insurance (UI) program. The UI program provides a measure of protection against loss of wages for workers who become unemployed through no fault of their own. This core provides funding for staff and expenses associated with administration of Missouri's UI program, including the collection of UI taxes, payment of benefits, and processing of appeals by employers and workers. The UI benefits paid to eligible workers assists Missouri's economy during periods of economic downturn by helping stabilize the level of consumer purchasing power. As a part of the state UI program, DES collects the state UI tax and wage item data regarding the amount of wages paid to each individual reportable worker. The funds included in this core also finance the administrative cost of operating various related federal programs, including Disaster Unemployment Assistance (DUA), Trade Adjustment Assistance (TAA), and the various Federal pandemic programs.

The FY 2026 budget includes appropriation authority for a time of service adjustment plan for full-time state employees. This would provide a 1% salary increase for every two years of continuous state service and would cap out at 10% for 20 years of service. This excludes job classes with statutorily-set salaries, the Departments of Transportation and Conservation, and certain job classes within the Missouri State Highway Patrol, who have existing time of service pay structures. State employees working in 24/7 facilities that already have this time of service pay plan will get a one percent cost of living adjustment.

Employment Security-War on Terror Unemployment Compensation – Section 7.890

Page 143

Description: Established in section 288.042, RSMo., this core finances the administration and unemployment benefits paid under the War on Terror Program. A “War on Terror Veteran” is a Missouri resident who serves in the National Guard or is a member of a United States Armed Forces reserve unit who was domiciled in Missouri immediately prior to deployment and whom a Missouri court has found was discharged or laid off by his or her employer during deployment or within thirty days of completing deployment. Any employer that is found in any Missouri Court or United States District Court located in Missouri to have terminated or taken adverse employment action against a “War on Terror Veteran” due to his or her absence while deployed, shall be subject to an administrative penalty of \$35,000. The "War on Terror Veteran" is entitled to receive veterans’ unemployment benefits for up to 26 weeks. This appropriation authority has never been used. Due to the severity of the War on Terror penalty that would be levied against offenders, the Division of Employment Security believes there will be few unemployment claims against this core.

Employment Security - Debt Offset Escrow Fund - Section 7.895

Page 148

Description: This core allows the Division of Employment Security (DES) to use intercepted income tax refunds for the purpose of repaying Unemployment Insurance (UI) benefit overpayments and delinquent employer tax. Only the amount owed at the time the refund is issued is intercepted. Any payments made between the intercept and the application of the intercepted funds to the delinquent accounts are applied to the balance owed. The intercepted refund is then applied to the balance owed, and any remaining funds are released to the taxpayer. This aids DES in collecting monies due to the Unemployment Compensation Trust Fund.
